

# MY DREAM FOR INDIA

If there is one place on the face of earth where all the dreams of living men have found a home from the very earliest days when man began the dream of existence, it is India.

**Romain Rolland**

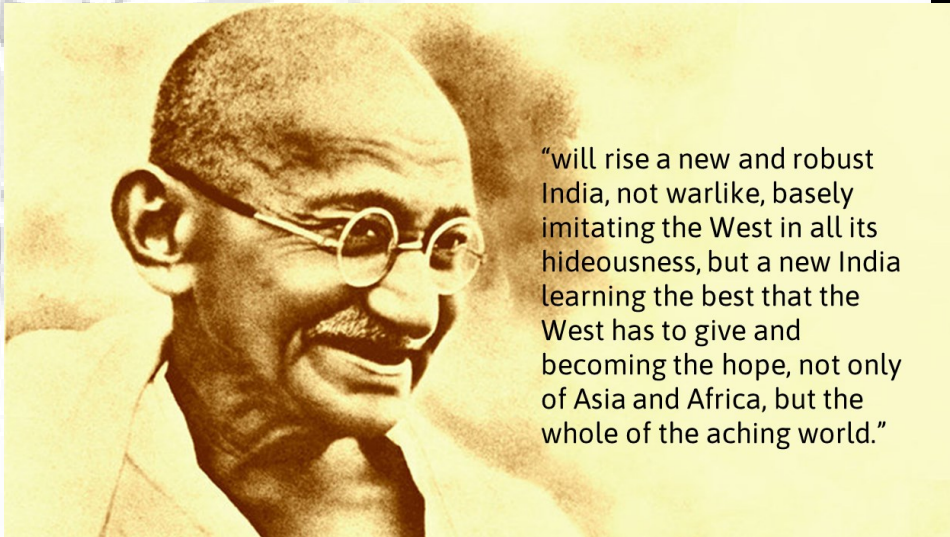

# AUG 20 | MY DREAM FOR INDIA DAY

- **“It’s the possibility of having a dream come true that makes life interesting”** - Paulo Coelho
- Once John F. Kennedy said, **“We need men who can dream of things that never were.”** India also needs people who can dream of things that never were. We need dreamers who dream of making India a better place to live and excel.
- **MY DREAM FOR INDIA DAY (AUGUST 20)** aims to motivate Indians to dream for India or to connect their dreams with the betterment of India. It also aims to motivate Indians to awake from sleep and to work to realize their dreams

# GREAT INDIAN DREAMS

“will rise a new and robust India, not warlike, basely imitating the West in all its hideousness, but a new India learning the best that the West has to give and becoming the hope, not only of Asia and Africa, but the whole of the aching world.”

“Even if I died in the service of the nation, I would be proud of it. Every drop of my blood... will contribute to the growth of this nation and to make it strong and dynamic.”

“I am young, and I too have a dream. I dream of an India strong, independent and self-reliant and in the front rank of the nations of the world.”

*Rajiv Gandhi*

20 August 1944 – 21 May 1991

I dream of an India that is a hub of opportunities. We can't restrict ourselves to skills only, we need to encourage entrepreneurship.

Narendra Modi

“My faith is in the younger generation, the modern generation. They will work out the whole problem, like lions.”

Swami Vivekananda

## MANAGEMENT BY DREAMS

Sijin Bt, sports management guru and the founder of SMRI and his wife Dr Indulekha R, management expert and educator developed the concept 'MANAGEMENT BY DREAMS', which helps organizations and individuals to solve their problems and realise their wildest dreams. The Management By Dreams describes 5 stages to realize the dreams.

### Example

DREAM POSTER of SMRI which highlight our dream of India winning the football World Cup. **GOAL 2066** is the project designed to realize the dream. The poster also describes various activities we do to make India, world football champions in 2066.

**THE DREAM**

**1 SLEEPLESS STAGE >>>**  
During every football world cup, Indian football fans make our streets festive by wearing, smearing and waving the colours of European and Latin American nations.

**2 DREAMING STAGE >>>**  
We dream of the day thousands of Indians invade the lush green football ground by wearing the 'made in India' national flag. Indian players like their own own blue jersey in the beautiful blue kit, an Indian player kicks the 'made in India' world cup ball to the gallery where thousands of Indians stand by raising their fists and bellows while the first whistle of the final of a world cup blows and all roar together "We won the World Cup."

**3 BELIEVING STAGE >>>**  
When India won the cricket world cup for the first time in 1983 under the legendary captaincy of Kapil Dev, India was nothing in cricket. Kapil and his depts delibated the cricket grounds of that time West Indies to win the world cup for India. It was not a miracle. Kapil Dev and his team members were determined to win the world cup.

# 1 SLEEPLESS STAGE >

During every football world cup, Indian football fans make our streets festive by wearing, smearing and waving the colours of European and Latin American nations. But **when Indians will get a chance to cheer for Indian football team.**

Sometimes, a problem or an idea will disturb us and give us sleepless moments

Bring me back to life  
I just can't take another sleepless night  
Bring me back to life  
Give me the clarity to see the light

'Sleepless Nights'  
by Memphis May Fire

## 2 DREAMING STAGE >>

We dream of the day thousands of Indians invade the lush green football ground by waving the 'made in India' tricolour flag; Indian players toss their sweat-wet blue jerseys in the beautiful blue sky; an Indian player kicks the 'made in India' world cup ball to the gallery where thousands of Indians stand by raising their fists and billions of Indians dance in front of the different 'make in India' live streaming screens, while the final whistle of the finals of a world cup blows and all roars together **"We won the World Cup."**

Our mind will hunt for a solution, plan, strategy or a new way and it will find it. That is the dream!!

*Never limit yourself because of others' limited imagination; never limit others because of your own limited imagination.*

## 3 BELIEVING STAGE >>>

When India won the cricket world cup for the first time in 1983 under the legendary captaincy of Kapil Dev, India was nothing in cricket. Kapil and his devils defeated the cricket goliaths of that time West Indies to win the world cup for India. It was not a miracle. Kapil Dev and his team members were determined to win the world cup.

After the dream, we must wake up and start believing in it. It is the solution, plan or strategy. We must believe in our ability to realize our dreams.

*To accomplish great things, we must not only act, but also dream; not only plan, but also believe.*
